

**JOE SUAU**

Joe is currently employed by Caterpillar as an Electrical Engineer where he has been employed for more than 25 years. He works at the Technical Center in Mossville building AC with Cat Technology. He has been working in the same role for nearly 15 years as the team lead for engine electronics NPI (New Product Introduction) proactive quality group.

Joe has been active in community theatre for more than 40 years. He began his theater life at Peoria Players in the early 80s. He has also since performed in several shows at PPT, Corn Stock, and Eastlight Theaters. He performed for many years with the Morton Civic Chorus in their annual spring benefit concert. He served on their board of directors and spent at least 2 terms as both Vice President and President. Joe joined the Caterpillar Employees Mixed Chorus in 2005. He became very active as a member performing in their spring and fall shows and served on their board in several roles including board liaison, Vice President, President, and performance selection chair/liaison.

Joe has had many years of experience both on stage and working on production boards dealing with theater costs, performance selection, and director selections. He has no great aspirations other than to keep the theatre running and serving the community as it has been for many years. Joe would be proud to serve on the board in any capacity.
